

Recruitment Procedure

For Senior Fireman/Firewoman (Control)

Basic Law (BL) Written Test

A Basic Law (BL) written test will be conducted for assessing candidates' knowledge on BL. The BL test is in the form of 15 multiple-choice questions to be completed in 25 minutes. The BL test result will be one of the considerations to assess candidate's suitability for appointment. If you have attended the BL test arranged by other recruiting bureaux/departments or the one centrally administered by Civil Service Bureau, you will be exempted from sitting the BL written test again and can use the previous test result as the basis of your BL score. The previous BL test result will be accepted only upon your production of the original notification letter when attending recruitment interview. You may, if so wish, take the BL test again and in such case, the latest score obtained in the current recruitment exercise will be counted.
