30 December 2020

To whom it may concern,

Dear Sir/Madam,

**REMINDER: Acceptance of Listed Product<sup>1</sup>**

Please be reminded that if a piece of fire service installation and equipment (FSI) (except portable equipment<sup>2</sup>) or Fire Safety Product<sup>3</sup> has been listed and published by a Product Certification Body<sup>4</sup> (PCB) for public access, it is deemed to be accepted by the FSD subject to such FSI / Fire Safety Product and its installation being in conformity with all relevant local requirements. Application for FSD's prior acceptance for such FSI / Fire Safety Product is **NOT** required.

Nevertheless, valid listings of products in compliance with the current version of testing standards shall be maintained by a PCB and accessed through the corresponding PCB's website or publication. In case a listed product is delisted by the PCB, the applicant should inform the FSD and then submit a new application for acceptance of the relevant FSIs or Fire Safety Products.

Should you have any enquiries, please feel free to contact the Investigation and Research Section at 2733 7827.

Yours faithfully,

(WONG Ka-shun)

for Director of Fire Services

---

<sup>1</sup> Listed product : means a piece of FSI which has been listed by one of the recognized Product Certification Bodies (PCBs) and published for public access.

<sup>2</sup> Portable Equipment : means any fire service equipment which is manufactured, used or designed to be used as an independent unit for the purpose of extinguishing, attacking, preventing or limiting a fire.

<sup>3</sup> Fire Safety Products : means the equipment or installations other than FSIs which are crucial to fire safety, e.g. emergency exit devices.

<sup>4</sup> Product Certification Body : means (i) mainland China's/overseas laboratories/organizations that provide product certification service with listing scheme/service and is accredited by mainland China's/overseas accreditation bodies; or (ii) local laboratories/organizations that provide product certification service with listing scheme/service and are accredited by the Hong Kong Accreditation Service through the Hong Kong Certification Body Accreditation Scheme (HKCAS).
