Organisation

The primary roles of the Fire Services Department (FSD) are to fight fires, to carry out rescue operations on land and at sea, to advise the public on fire protection and to provide emergency ambulance services for the sick and the injured.

The Department is under the overall direction of the Director of Fire Services. It is comprised of three operational Commands, two fire protection Commands, the Ambulance Command, the Headquarters Command and the Administration Division.

Firefighting, rescue and other emergency services are carried out by the three operational Commands covering Hong Kong (including offshore islands and marine), Kowloon and the New Territories, each headed by an Assistant Director.

The two fire protection Commands are the Licensing and Certification Command and the Fire Safety Command. They are each headed by an Assistant Director. The Licensing and Certification Command oversees licensing and enforcement work; and the Fire Safety Command deals with fire protection and fire safety matters.

The Ambulance Command, led by the Assistant Director (Ambulance), is responsible for the management and control of all ambulance resources to ensure an efficient and effective delivery of paramedic ambulance services to the community.

The Fire Services Headquarters Command is headed by an Assistant Director to provide planning and management support to the Director as well as policy and logistical support to other Commands. It is responsible for the operation of the Fire Services Communications Centre, the Fire Services Training School, the Fire Services Driving Training School and the West Kowloon Rescue Training Centre. It also oversees issues related to recruitment, training and examination, occupational safety and health, procurement and logistical support, information technology management, workshops and transport, welfare, as well as information and publicity matters.

The Administration Division is headed by the Departmental Secretary and staffed by civilian grade members. Its responsibilities cover human resources management, recruitment and promotion, general departmental administration, financial management, internal audit, outsourcing, staff relations and translation services.
