机构事务

机构事务课负责统筹、分配和有效使用部门的现有资源，以及处理各总区调配人手的行政事宜。该课亦就部门多方面的管理及政策事务提供意见和支援，并负责监督法律、纪律和人员诚信管理事宜。

此外，机构事务课推动建立更完善的安全管理制度，以预防工伤及推广职业安全与健康。二零二四年，本处曾在10宗事故中设立歇息区。

Corporate services

The Corporate Services Division is responsible for the co-ordination, distribution and efficient use of existing resources in the department, and administrative matters on the deployment of personnel in different commands. The division provides advice and support to the department on a variety of management and policy issues. It also oversees legal matters, discipline and integrity management of personnel.

In addition, the division facilitates the establishment of a better safety management system with a view to preventing work injuries and promotion of occupational safety and health. In 2024, rest areas were set up for 10 incidents.

于洪水桥一宗四级火警现场设立的歇息区。
A rest area is set up at the scene of a No. 4 alarm fire in Hung Shui Kiu.

策划及发展

策划及发展课负责策划兴建新消防局、救护站和训练设施；处理资源调配工作；以及监察部门基本工程项目的进度。该课亦从行动角度，就地区发展计划及城市和商业项目研究报告提供意见。

资讯科技管理

资讯及通讯科技课负责监督部门的资讯和通讯科技事务。该课亦负责规划资讯和通讯科技的策略与保安事宜、进行数据分析，以及引进与部门运作相关的智慧消防建设和辅助医疗措施。

Planning and development

The Planning and Development Division plans new fire stations, ambulance depots and training facilities, manages the deployment of resources, and monitors the progress of departmental capital works projects. The division also offers advice on district development plans and study reports on municipal and commercial projects from the operational perspective.

Information technology management

The Information and Communications Technology Division oversees matters relating to information and communication technology (ICT) of the department. The division is responsible for planning ICT strategies and security, conducting data-related analysis and introducing smart firefighting and paramedic initiatives relevant to the business of the department.

工程及运输

工程及运输组负责所有关于消防车辆、特别用途车辆、灭火轮、灭火工具和装备(包括灭火机械人)的工程事宜。

采购及物流

采购及物流课负责策划、组织和推行部门的采购策略和政策，以及为实现环境可持续性而积极推动环保采购。该课亦负责监察物料和装备开支，以确保公帑运用得宜。

Workshops and transport

The Workshops and Transport Division is responsible for all engineering matters relating to fire appliances, specialised vehicles, fireboats, firefighting tools and equipment including firefighting robots.

Procurement and logistics

The Procurement and Logistics Division is responsible for planning, organising and implementing the department's procurement strategies and policies, as well as actively promoting green procurement to achieve environmental sustainability. It also monitors the expenditure on stores and equipment to ensure the prudent use of public funds.

工程及运输组负责检查消防车辆。
The Workshops and Transport Division is responsible for the inspection of fire appliances.
